2010 EDITION

PREFACE

Local Government is the third tier of government created to bring governance nearer to the people. Statistical information on these councils in Ondo State in respect of 2009 is the subject of this publication. However, data for 2007 and 2008 are included in some cases for comparison. These include population, surface Area, administration, finance, infrastructural development, health, education and agriculture. The data used in the publication was collected through questionnaires administered on the Local Government Councils.

It is hoped that stakeholders in Local Government administration in the state will find the information contained in this publication useful in their planning, monitoring and policy formulation.

Inadequate funding of data collection and management at the local government level constituted a major challenge.

We therefore use this medium to solicit support for the Local Government Budget, Planning, Research and Statistics Department, by the various Councils in the State. This will enhance the production of timely and adequate statistical data for the development of the Councils.

Comments and suggestions for improvement of future publications are welcome.

Director,
Research and Statistics
Ministry of Economic Planning and Budget, Akure
December 2011.

INTRODUCTORY REMARKS

Local government, the third tier of government is established to bring governance closer to the people and to accelerate the pace of socio-economic development in the various communities. The following are the highlights of information on the Local Government Councils.

1. POPULATION DISTRIBUTION

The distribution of population among the eighteen local governments in the state according to 2006 population census reveals that the population range from 360,268 (10.41%) in Akure South Local Government Area to 76,092 (2.2%) in Ondo East. Population density range from 1,133 in Akure South to 84 in Idanre Local Government Area (Table 2).

2. TRADITIONAL RULERS

Table 3 shows the number of traditional rulers by status in the different councils of the state. From the table, it could be observed that there were 23 first class Obas, 32 second class, 38 third class and 63 recognized chiefs.

3. PERSONNEL

Table 4 shows the distribution of personnel by occupational group. The percentage distribution among the various occupational groups are: Senior Administrative (2.1%), senior professional staff (8.2%), Intermediate Administrative Staff (14%), Intermediate professional staff (20.8%), Junior

Administrative Clerical Staff (21.3%), Junior Technical Vocation Staff (25%) and others (8.6%). The distribution of personnel by gender shows that 52.4% are males while 47.6% are females. The percentage distribution of staff by educational qualification is as follows: Higher Degrees (1.7%), First Degree (7.3%), HND (8.6%), NCE/OND (23.7%), WASC/GCE (32.7%) and others (25.9%).

4. FINANCE

Information on the finances of Local Government councils are contained in tables 8 to 12. These include revenue from the Federation Account, Internally Generated Revenue (IGR), Recurrent and Capital Expenditure. As expected, revenue from Federation Account accounts for largest percentage (80%, 98% and 93%) of the revenue that accrued to the Local Governments in 2007, 2008 and 2009 respectively.

5. EDUCATION

Tables 13-15 show the number of public primary and secondary schools and teachers by local government in 2007-2009 sessions. The distribution of primary schools ranges from 100 in Odigbo to 23 in Akoko South East Local Government Area. The distribution of secondary schools ranges from 31 in Ondo West to 08 in Akoko South East. It is observed that the figures remain the same all through the three years except for additional one primary and secondary school in 2008/2009 session.

6. MEDICAL AND HEALTH

Tables 16 to 18 give information on distribution of public medical and health institutions by Local Government Area. The health institutions are: Federal Medical centre (1), General/Specialist Hospitals (18), Comprehensive Health Centres (38), Basic Health Centres (414), Others (197). The tables also contain information on children immunized against killer diseases and health manpower in the Councils.

7. VITAL STATISTICS

Table 19 shows the number of registered births, deaths and marriages recorded in the Local Governments. From the table, it could be observed that the number of females delivered were more than the males in years 2008 and 2009.

8. ROAD, DRAINAGE, CULVERT/BRIDGE, MARKET STALLS AND CLASSROOMS CONSTRUCTED/REHABILITATION

Information on the length (km) of roads constructed and rehabilitated as well as drainage, culvert/bridge, market stalls and classrooms constructed are contained in table 20.

9. REGISTERED COOPERATIVE SOCIETIES

Table 21 shows the number of registered cooperative societies, major cash and food crops. Akoko North East recorded the highest number of 261 cooperative societies followed by Owo local Government with 250.

10. OTHERS

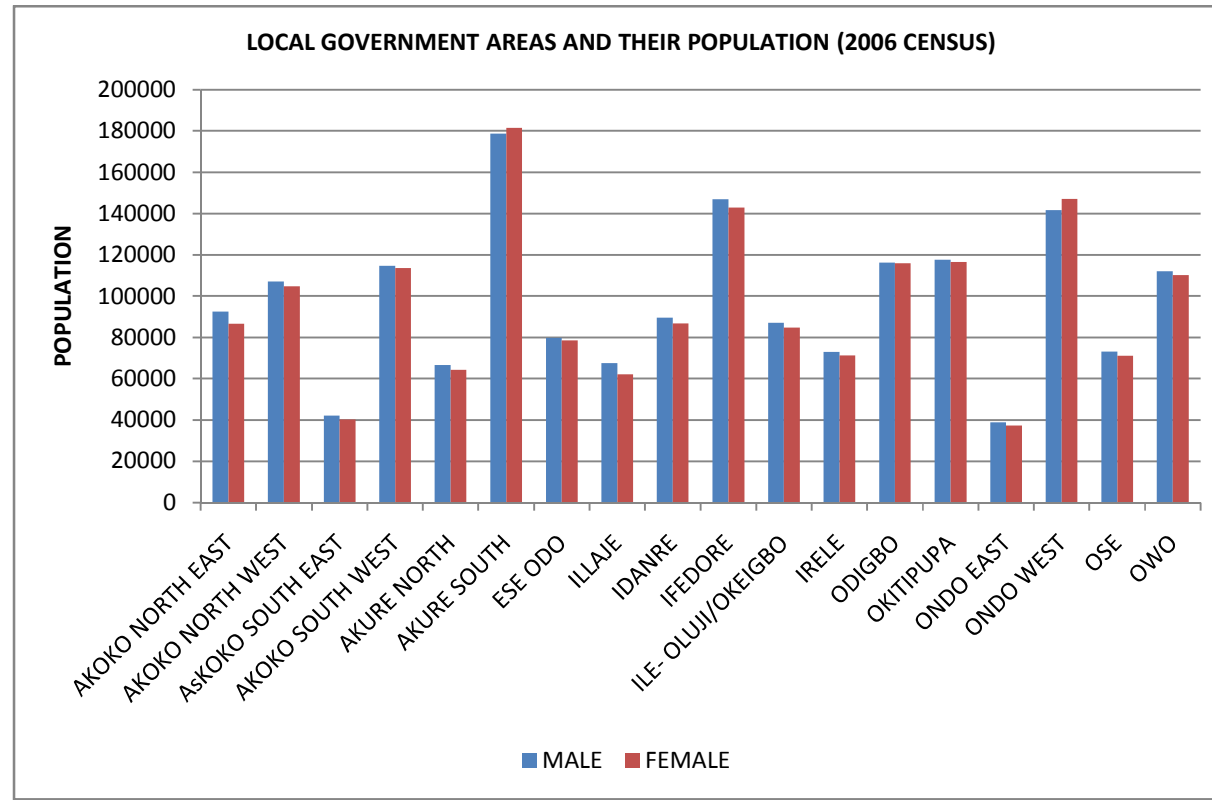

Table 22 - 24 shows the distribution of political appointees by Local Government and numbers of political wards and polling boots.
