## **1.0 INTRODUCTION**

The State 2020 Budget was reviewed following the challenges posed by COVID-19 pandemic to make provision for COVID-19 response activities of Ministries, Extra-Ministerial Departments and Agencies (MEDAs) in order to curtail the spread, reduce fatality rate and alleviate the impact of the pandemic in the State. The Revised Budget, which was signed into Law in July, 2020 underscores the present administration's firm commitment to effectively curtail the spread of COVID-19 pandemic and protect the lives and livelihood of the people.

The monthly report of the Implementation of COVID-19 Response Activities provide insight into the Ondo State Government's effort at mitigating the effect of the pandemic in the State. It also shows Budget execution report on allocation and actual expenditures incurred for COVID-19 response programmes and projects by MEDAs as at November, 2020.

### **1.1 KEY OBJECTIVES AND POLICY THRUSTS OF 2020 REVISED BUDGET**

The key objectives of the year 2020 Revised Budget are:

- i. To curb the spread of the disease in the State through regular publicity and airing of jingles about the need for regular adherence to Covid-19 protocols and personal hygiene;
- ii. To give priority to cushioning the effects of Covid-19 pandemic in the State through provision of health care facilities, palliatives and economic rebound initiatives like micro-credit loans, agricultural re-engineering, etc.;

- iii. To reflate and rejig the economy through targeted spending in healthcare, agriculture, education, water and sanitation, environment and sewage, social safety net, etc.;
- iv. To create employment opportunities through the establishment of public welfare programmes that would re-engage those who lost their jobs to Covid-19 across the State; and
- v. To broaden the security network across the State to ensure safe and secured environment and encourage farmers to return to farm, thereby guaranteeing food security in the medium term.

## **1.2 2020 REVISED BUDGET FISCAL FRAMEWORK**

The fiscal framework for year 2020 Budget was reviewed as a result of COVID-19 pandemic which distorted the macroeconomic projections, thereby making the Budget unattainable. The reviewed assumptions are highlighted in table 1.1:

**Table 1.1**

<b>S/N</b>	<b>Macroeconomic Assumptions</b>	<b>Initial Projections</b>	<b>Reviewed Projections</b>
1	GDP Growth (%)	2.60	-4.42
2	Crude Oil Benchmark Price (per barrel)	\$55	25
3	Average Production (million barrel/day)	2.00	1.700
4	Inflation Rate (%)	11.70	14.13
5	Exchange Rate (₦ to US\$)	305	360

### **1.3 METHODOLOGY**

The Methodology adopted in the production of November edition of the report on the implementation of COVID-19 response projects draws from a number of inter-related approaches. A combination of templates designed, data collection, desk review and analysis were adopted in order to track implementation of COVID-19 Response programmes and projects of MEDAs.

### **1.4 LIMITATION**

The major limitation encountered during the preparation of this report was on submission of returns. Some MEDAs did not meet the deadline to which they were expected to submit their returns, which gave unnecessary burden to the department in meeting the timeline for production of the report.

#### **4.0 CONCLUSION**

The monthly tracking of the Covid-19 response activities is a step in the right direction to demonstrate openness, entrench transparency and accountability in Governance. By timely production of the COVID-19 response activities monthly report, the State would be able to access some developmental grants.

The spread of the COVID-19 pandemic has been effectively curtailed in the State due to the proactive measures taken by the Government. Efforts should therefore be channeled towards ensuring that the Covid-19 Response activities in the 2020 Revised Budget are adequately funded and monitored in subsequent months so that the adverse economic impact of the pandemic on the people of the State would be alleviated.
