1 Summary of Performance

1.A Introduction

This Budget Performance Report for Ondo State is prepared quarterly and issued within 4 weeks from the end of each quarter.

This report includes the original approved budget appropriation for the year 2024 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter One (Q1), attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

This Q1 report is assessed against the 2024 Original approved budget.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 32
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Budget Office, Ondo State and published on the Ondo State Budget website (www.ondobudget.org).

1.B Revenue Performance

From table 1, the recurrent revenue performed at 17.6% as against 25.0% expectation for the first quarter (Q1). The performance of recurrent revenue for this quarter is not too good because there was reduction in the revenues received from FAAC (16.7%) and Independent Revenue (IR) (23.5%). Share of VAT has a very good performance of 46.7% as against 25.0% for the quarter, while Statutory Allocation, Mineral Derivation, and Special FAAC Allocation performance for the quarter was very low with 10.9%, 17.0% and 10.7% respectively.

It should be noted that Electronic Money Transfer Levy (EMTL) and Ecological fund are the items that made up FAAC special Allocation in the 2024 Approved Budget that is why the actual performances were recorded against this item with code:11010304. Reporting these items separately in the performance report will make FAAC special allocation to have zero performance.

On the other hand, independent revenue performance was good but still short of the first quarter target. This was because of the short fall from many of the revenue items like Patent medicine and drugs store Licences (6.7%), power chain Licences (0.0%), Hammer Registration/Renewal (0.0%), Communication mast Permit (3.9%), Environmental Permit (1.2%). It is believed that there will be an improvement in the subsequent quarters as efforts are being made to spur the agencies that are supposed to generate these items into action. However, some of the Revenue items already performed above 100% due to deliberate effort by Government to increase the revenue of the State.

It should be noted that the actual Opening Balance of ₦14.584 billion as against budget opening balance of ₦22.338 was from the unaudited report. This figure may change after the audited report is out.

Capital receipts performed at 15.9%, this figure is not too good as most Aids and Grants could not come in during Q1 because documentation processes and qualification criteria for most of the concerned agencies could not be completed before the end of the quarter. Also, Government has been able to access through the Ondo State Water corporation to the tune of ₦18.332 performing at 22.6% but this amount has not been expended because the procedure for spending has not been concluded as at the time of this Q1 report. Also, Loan from French Development Agency (AFD) for Provision of Water Facility to Akure and its Environs with Economic code 14030201 over-performed because of the increase in exchange rate from N750/1USD to above N1,000/1USD which was not envisaged as at the time of preparation of 2024 budget.

1.C Recurrent Expenditure Performance

The Recurrent Expenditure includes Personnel and Overhead Expenditure.

- a. **Personnel Expenditure:** The first quarter performance of Personnel Expenditure is ₦15.118 billion, representing 19.9% of the budget figure. This means that personnel expenditure is 5.1% lower than what it should be for the period. It is observed that few of the MDAs have drawn more than 25% of their personnel budget. This was so because salaries of some officers that was supposed to be drawn from other pay point were lumped to those over performed MEDAs thereby making some MEDAs to performed at 0%. Agreement has been reached with the office of the State Accountant General to correct this anomaly in the second quarter (Q2).
- b. **Overheads:** This expenditure comprises the monthly releases for the running of MEDAs. Of the ₦38.339 billion budgeted for the year 2024, ₦4.809 billion, representing 12.5% has been released to MEDAs as at Q1 of 2024. The amount released for Overhead is 12.5% less than the expected average, this was because of government's deliberate reduction in overhead spending.
- a. **Other Recurrent Cost:** This is expenditure incurred on interest paid on loan and transfers to government owned institutions and companies. At the expiration of first quarter (Q1) 2024, ₦11.194 billion representing 19.0% was expended on them, as against ₦14.707 billion target for the first quarter. Despite this moderate performance, ₦648.121 million was expended on foreign interest on short term borrowing representing 60.3% as against 25.0%. Also, ₦249.374 million was paid on foreign principal on long term borrowing representing 35.7% for the quarter under review. This overspending cannot be unconnected with the deregulation of naira which makes the exchange rate increased abysmally. So, to pay the interest, more naira that was not envisaged in the budget was used.

1.D Capital Expenditure Performance

The performance in the first quarter (Q1) of the capital expenditure was ₦11.248 billion representing 5.1% of the total budget for the year. The reason for this poor performance can be attributed to:

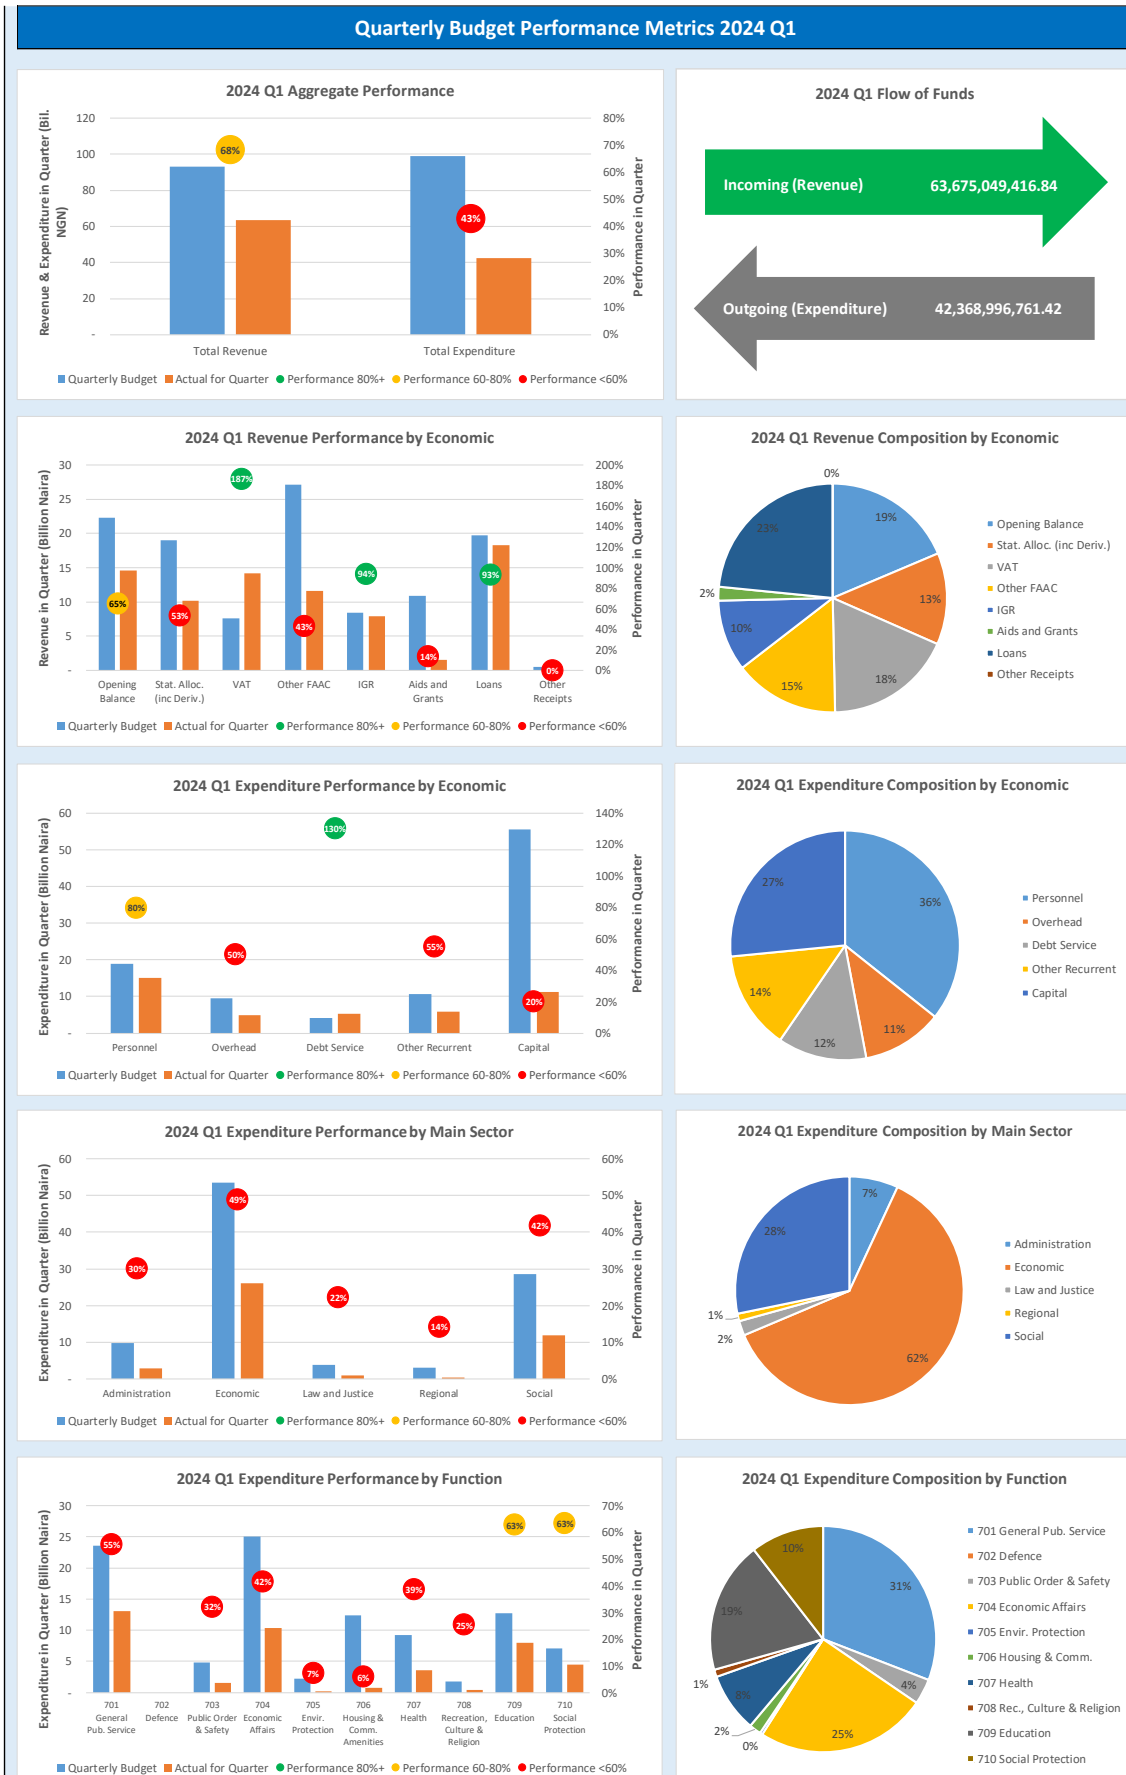

- i. Many MEDAs were not able to complete their contract awarding formalities in the first quarter of the year.
- ii. Nearly all MEDAs with Capital Receipts running to billions of naira have not been able to draw down any of such loans or grants.

1.E Conclusions

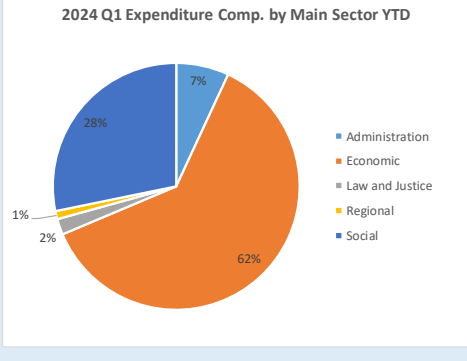

The figures provided below show that Revenue recorded ₦78.259 billion with performance of 19.8% which is 5.2% short of the first quarter target. This is not unconnected with the inability to access most of the capital receipt due to failure to complete documentation processes and qualification criteria at accessing them.

Also, total expenditure recorded ₦42.369 billion with performance of 10.7% which was less than the total revenue generated during the quarter under review. This is not unconnected with the inability to complete documentation and award process on many of the capital expenditure. For example, the Ondo state Water corporation ₦18.332 loan that came in early in the year is undergoing award process which will be concluded before the end of second quarter. Drastic measures will be taken to significantly improve Budget performance in the second quarter.
