1 Summary of Performance

1.A Introduction

This Budget Implementation Report for Ondo State is prepared quarterly and issued within 28 days from the end of each quarter. This report includes the original approved budget appropriation for Year 2026 for each organizational unit, assessed against each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others). It also includes the actual expenditures for the second quarter (Q2) (i.e. April to June) of year 2026 attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

Performance is assessed against the 2026 Original Budget.

The core economic classifications, as per the National Chart of Accounts (NCoAs) refer to:

- Revenue – Economic Account Type 1
- Personnel Expenditure – Economic Sub-Account Type 21
- Overheads Expenditure - Economic Account Class 2202
- Capital Expenditure - Economic Sub-Account Type 32
- Other Expenditures (covering Loans, Grants and Contributions, Subsidies, Debt Service and Transfer Payments) - Economic Account Classes 2203-2209 as applicable

This document includes detailed reports on Primary Healthcare and Basic Education expenditures in sections 4 and 5 respectively.

The Report has been prepared by the Ondo State Budget Office, Ministry of Economic Planning and Budget, and is published on the Ondo State Budget Website (www.ondobudget.org).

1.B Revenue Performance

The Table below shows a second quarter total revenue target of ₦131.013 billion and mid-year total revenue target of ₦262.205 billion. Actual revenue for the quarter is ₦128.677 billion or 98.15% while cumulative mid-year actual aggregate revenue totalled ₦433.735 billion or 165.44% of the mid-year target. Aggregate FAAC revenue performed impressively at 130.07% in the second quarter with ₦77.566 billion (higher than the ₦71.420 billion of the first quarter) as against its target of ₦59.632 billion, resulting in a cumulative mid-year performance of 124.92% of the mid-year budget with an actual of ₦148.986 billion.

This impressive performance was assisted by the distribution of certain FAAC components classified under "Other FAAC Distributions," including FAAC Withheld Escrow (₦3.111 billion), Infrastructure Bonus (₦24.500 billion), Solid Minerals Revenue (₦0.740 billion), and Non-oil Revenue/Augmentation (₦3.510 billion). Also, most of the FAAC items performed exceptionally well as a result of more disbursement of allocation than expected. For example, the second quarter performance of Statutory Allocation with the attendant cumulative mid-year performance was 164.38% and 147.46% respectively.

In the same vein, Mineral Derivation posted an impressive 136.19% second quarter performance with a 117.16% mid-year aggregate, Share of Value Added Tax recorded 102.90% in the second quarter resulting in 115.93% mid-year performance while Ecological fund was 182.93% in the second quarter culminating in a 109.79% mid-year performance. Electronic Money Transfer Levy (EMTL) has not been regular as expected. Moreso, Exchange Gain and NLNG Dividend have not been shared from FAAC this year resulting in 0% performance. Expectations from these votes would be addressed in the upcoming review of the budget. The sharing of hitherto unexpected FAAC

revenue items, however, more than compensated for the non performing revenue heads such that aggregate performance as at mid year is still a bit more than as expected for the year.

Furthermore, Independent Revenue for the second quarter performed at 129.69% with ₦15.455 billion actual as against its target of ₦11.917 billion for the quarter, this is better performance when compared with the first quarter performance of ₦11.714 billion. As at mid-year, cumulative actual performance was ₦27.170 billion or 113.99% of the mid-year budget. This notable performance was driven by the effort of Agencies like the Ministry of Health, Drugs and Health Commodity Management Agency, Hospitals Management Board, Ministry of Education, Science and Technology, Ministry of Agriculture, Civil Service Commission. Despite the heartwarming aggregate performance, it should be noted that non-tax revenue performed at 38.50%. This was as a result of the fact that some non-tax revenue heads are time-based. For example, school fees are normally paid in the first term in public schools. Similarly, produce fees are expected to be high during harvest periods. This is responsible for the zero performance of a few Agencies. However, efforts are ongoing to see that non-tax Revenue performs better in the subsequent quarters as the State Internal Revenue Service is being supported to upgrade their e-revenue collection to enhance internal revenue generation.

Loans and Grants recorded a performance of 180.18% in the second quarter, with an actual receipt of ₦35.589 billion against a quarterly target of ₦19.752 billion. This represents a significant improvement over the first quarter performance of 19.57%, when ₦3.866 billion was realized. Cumulatively, at the mid-year, Loans and Grants recorded a performance of 99.87%, with an actual receipt of ₦39.455 billion against the half-year target of ₦39.504 billion.

This impressive performance was primarily attributable to the Ondo State Water Corporation's ability to draw down more than twice its budgeted

expectation from its development partners. This was possible because the corporation was unable to access the African Development fund (AfD) facility throughout 2025, resulting in the carryover and subsequent drawdown of the fund in the current period under review.

2026 CREDIT/BORROWINGS AS AT JUNE 2026

The Table below shows that the sum of ₦72.924 billion was budgeted for both domestic and foreign loans in the year 2026, translating to quarterly target of ₦18.231 billion and a mid-year target of ₦36.462 billion. However, Government has only accessed ₦34.985 billion in the second quarter and a cumulative of ₦35.285 billion representing 191.90% and 96.77% in the second quarter and mid-year of year 2026 respectively. This good performance was driven by the very impressive second quarter outturn of Ondo State Water Corporation and Ministry of Agriculture which almost access double of their budget expectation for the year under review.

2026 SECOND QUARTER/MID-YEAR PERFORMANCE OF AID/GRANTS

The table below shows that the sum of ₦6.055 billion was budgeted for both Aid/Grants in the year 2026, translating to a quarterly target of ₦1.514 billion and mid-year target of ₦3.027 billion. However, the State realised a sum of ₦0.604 billion in grants representing a 39.91% performance in the second quarter, but the performance rose to 137.74% with an actual ₦4.170 billion when added to the first quarter actual. This aggregate good performance was driven by the very impressive outturn of UBEC/State Universal Basic Education Board (SUBEB) fund, Youth Employment and Social Support Operations (YESSO), Ministry of Economic Planning and Budget, Ondo State Contributory Health Commission and Environmental Facility (GEF-7) Project which were able to access almost all their grants within the first half of the year 2026.

1.C Recurrent Expenditure Performance

The table below shows that Recurrent Expenditure, comprising Personnel and Other Recurrent Expenditure, recorded a performance of 98.94%, with an actual expenditure of ₦54.624 billion against a quarterly target of ₦55.208 billion for the second quarter. This is a better performance when compared with the aggregate performance of 92.71% with an actual of ₦102.362 billion as against its mid-year target of ₦110.415 billion.

The 2026 Personnel estimate which comprises Salaries and Wages, Social Contribution and Social Benefits was ₦100.871 billion for the year with a quarterly and mid-year targets of ₦25.218 billion and ₦50.436 billion respectively. In the second quarter, ₦20.018 was recorded on this head translating to 95.24% performance level. The aggregate performance rose to 102.07% with actual of ₦51.478 billion in the mid-year. This impressive aggregate performance was as a result the deliberate effort of the present administration to prioritise the payment of outstanding gratuity arrears to the retirees in the State in the first quarter of the year under review.

In the same vein, other Recurrent Expenditure which comprises Overhead Cost, Grants and Contributions, Public Debt Charges, and Transfer-Payment, recorded a 102.05% and 84.84% performance in the second quarter and mid-

year respectively with an actual of ₦30.606 billion as against its target quarterly target of ₦29.890 and an aggregate actual of ₦50.884 billion as against its mid-year target of ₦59.980 billion.

Most of the MEDAs that recorded zero performance are project-based and funded by development partners. Although the State Government has made provisions for their running costs, few of these projects were unable to commence before the end of the second quarter. It is expected that performance will improve in subsequent quarters as these projects commence implementation.

1.D Capital Expenditure Performance

In the year 2026, ₦303.580 billion was budgeted for capital expenditure. In the second quarter of the year, ₦75.184 billion was spent on this head with performance of 99.06% as against its quarterly target of ₦75.895 billion. This is a good performance when compared with the first quarter actual of ₦13.556 billion. However, the aggregate performance still fell short of the expected half-year target because most MEDAs with substantial capital allocations only commenced drawing down their approved loans and foreign aid/grants during the second quarter, apart from the UBEC/SUBEB funds received in the first quarter. Capital implementation will continue to improve, and this will reflect in the subsequent quarters.

1.E Conclusions

Total Revenue in the mid-year, inclusive of an actual of ₦218.125 billion Opening Balance, amounts to ₦433.736 billion representing a 165.42% performance of the mid-year budget.

However, Activities started picking up close to the end of second quarter. Most of the roads and flyover which were awarded in the first quarter, work just started on the site. In addition, apart from the UBEC/SUBEB funds received in the first quarter, most MEDAs with substantial capital allocations only began accessing their approved loan facilities and foreign aid/grant funds during the second quarter. Consequently, cumulative actual expenditure at the mid-year stood at 72.88% of the mid-year budget. Efforts will be intensified to sustain this momentum and further improve capital budget implementation in the subsequent quarters of the year.

4 Primary Healthcare Budget Performance

4.A Overview

The Primary Health Care (HOPE-GOV) Expenditure has a total Budget of ₦5.384 billion with a quarterly and mid-year target of ₦1.346 billion and ₦2.692 billion respectively. A performance of 71.03% and 66.27% was achieved with actual expenditure of ₦0.956 billion and ₦1.784 billion for the second quarter and mid-year respectively. It is expected that this expenditure will perform better in the subsequent quarters, as the State is in the process of constituting a steering committee to facilitate accelerated release of funds for the programme and has also recently recruited and issued employment letters to some PHC personnel to boost the programme.

5 Basic Education Budget Performance

5.A Overview

Basic Education Expenditure has a total budget of ₦9.548 billion which translates to a second quarter and mid-year targets of ₦2.387 billion and ₦4.774 billion respectively. The actual performance of the second quarter and mid-year stood at ₦2.680 billion and ₦2.792 billion which represents 112.27% and 58.48% respectively. Effort will be made to ensure that the agency with zero performance do better in the subsequent quarters of the year, as the State is in the process of constituting a steering committee to facilitate accelerated release of funds for the programme and has also recently recruited and issued employment letters to some personnel to boost the programme.
